Jyotendra Pallav

Senior Director & AI Solutions Leader | Generative AI, Data Science, and Analytics Innovation
 Gurgaon, Haryana, India

Summary

Senior Director with 15+ years of experience delivering high-impact Data Science and Analytics solutions across global markets, managing portfolios exceeding \$10M, and leading high-performing teams of 50+ direct reports with 100+ cross-functional collaborators.

I specialize in bridging business strategy with cutting-edge AI technologies – including Generative AI, LangChain, Retrieval-Augmented Generation (RAG), NLP→SQL pipelines, and intelligent workflow automation – to create scalable, enterprise-ready solutions. Recent initiatives include developing AI-powered knowledge hubs, structured data agents, and multi-agent systems that transform complex data into actionable insights.

Proven expertise in client relationship management, revenue growth, and operational excellence, with a track record of improving operating margins and achieving top-tier client satisfaction scores. Passionate about mentoring and talent development, having designed and led leadership training, recruitment strategies, and people-focused policies.

Currently driving innovation at the intersection of analytics, AI, and enterprise automation, with a vision to make AI practical, reliable, and transformative for business decision-making.
